Qualified Remodeler's Top 500 list is the remodeling industry's most prestigious ranking. Companies are selected based on a rigorous analysis by the Qualified Remodeler editorial staff and must meet a set of criteria including installed remodeling dollar volume, total years in the remodeling business, industry association membership, industry certification, industry awards and community service. It is the only third-party verified analysis of the financial performance in the remodeling industry.

The company is now ranked as the largest sunroom, window and door manufacturer in Northeast Ohio and serves much of the East and Midwestern United States.
