Why choose Stanek Windows?

Exceptional energy efficiency

- Our new triple-pane windows **exceed ENERGY STAR® ratings** in all climate zones across the United States and are among the most energy-efficient products.
- Our windows are independently tested and certified using AAMA® and NFRC® standards and have received **outstanding performance ratings**.
- Our uPVC vinyl frames use multiple chambers filled with high-density polyurethane foam for exceptional insulation. Triple weather stripping keeps out drafts and maximizes efficiency.

Endless custom options

- Our windows are **custom designed** and **made specifically for your home**. Choose the color, style, and size that's right for you, including our woodgrain interiors and a wide range of exterior colors.

Superior quality materials

- Our windows are **engineered and made** using the best quality materials, such as maintenance-free uPVC, high-performance triple-pane glass and warm-edge spacer.
- Our sash frames utilize FIBERMAX®, an exclusive structural fiberglass reinforcement in the meeting rail to ensure anchoring of locks and keepers for exceptional security and long-term performance.

Guaranteed for life

- We make exceptional quality windows and doors and back them with a limited **lifetime warranty** to provide peace of mind for your investment.

Stanek's® new triple-pane Insignia windows

exceed ENERGY-STAR ratings in all climate zones across the United States. The attention to detail is exquisite. Each window is custom made specifically for your home in our state-of-the-art manufacturing facility with standard features like:

- High-performance triple-pane Low-E glass with argon gas is standard and provides some of the best U-Values and Solar Heat Gain ratings in the industry.
- Custom-milled sash design for a precise fit.
- Fusion welded sash frame for increased structural performance.
- Soft, rounded corners for a beautiful look.
- Low-profile locks won't interrupt your view.
- Slim, FIBERMAX® reinforced sash meeting rail for enhanced security.
- Multi-chambered frames filled with high-density polyurethane foam provide exceptional insulation
- Full-length fiberglass screens for maximum ventilation and improved visibility.
- Wide range of options in colors, configurations, hardware finishes and personalization.
- uPVC (unplasticized PVC) construction for maintenance-free, long-term performance.

Stanek's double-hung windows showcase the timeless beauty of traditional architectural lines.

- **Maximum ventilation.** Both upper and lower sashes open for better air flow.
- **Effortless operation for life.** Our custom-tuned constant force balance system and fully-integrated sash lift rails ensure smooth operation for the life of your windows.
- **Protection against the elements.** A pocket sill and triple weather seals give Stanek Windows excellent air infiltration ratings.
- **Outstanding security.** Low-profile, double cam locks join the sashes for an exceptionally tight and secure seal.
- **Warm-edge spacer system** provides superior seal and guaranteed for life.
- **Cleaning made easy.** Tilt-in sashes make cleaning the exterior of your windows effortless.
- **Nearly-invisible screens.** Full-length screens come standard.

timeless beauty

Sliding windows

Stanek's sliding windows feature slim vertical lines for maximum view and slide open horizontally for easy operation.

- **Ideal** for openings whose width is greater than height.
- **Full-length screens** come standard.
- **Effortless operation for life.** Dual sliding shoes and fully-integrated lift rails ensure smooth operation of your windows.
- **Outstanding security.** Low-profile, double cam locks join the sashes for an exceptionally tight and secure seal.
- **Maximum ventilation.** Full screens and dual sliding sashes allow both sides of the window to be opened at the same time.
- **Easy cleaning.** Sashes lift out of the way for easy cleaning.

enjoy the view

Stanek's casement and awning windows provide clean, simple lines that complement the architectural style of any home.

- **Energy efficient.** These windows outperform all other styles in energy efficiency. Full-length, color-matched interior screens come standard.
- **Effortless operation for life.** Easy-turn, fold-down and stainless steel handles provide smooth and easy opening and closing for the life of your windows and won't obstruct window treatments.
- **Remarkable strength and insulation.** Our triple-pane insulated glass units with warm-edge spacers are wet glazed to provide structural integrity and the best possible seals. Window frames are multi-chambered with super insulated foam for maximum insulation.
- **Security made simple.** Our multi-point cam locking system secures your window at two, three or four points (depending on size) with one easy-to-operate handle.
- **Easy cleaning.** Our unique design allows for a 90-degree open angle and easy cleaning of the exterior glass from the safety of your interior.*

simple lines

*Awning windows are not intended to be cleaned from the inside.

Bay and bow windows

Function and beauty come together with Stanek's bay and bow window collection. Create an elegant focal point or a cozy reading nook for your room.

- **Your window, your style.** Due to the versatility of our frame, you can choose the style of window for each opening to meet your specific needs.
- **Superior construction.** Our Ultra Elite bay and bow window shells are crafted from 6-inch furniture-grade oak colonial casings and $\frac{3}{4}$ -inch oak or maple tongue-and-groove seat and head. Our Ultra window shell combines $1\frac{1}{4}$ -inch oak veneer with $3\frac{1}{2}$ -inch oak, maple or birch casings.
- **Unmatched beauty.** Custom options allow you to create the perfect window for your home including interior wood finishes and a wide range of exterior colors. Choose from double-hung or casement windows for ventilation.

functional beauty

Fixed windows are simply that — fixed. But just because they don't open doesn't mean they have to be boring. Stanek can customize your window shape to express the individuality of your home.

- **Maximize** your light and view.
- **Endless design possibilities.** With a wide range of specialty shapes available, you can create a unique window ideal for your home. From circles and octagons to trapezoids and triangles, every window we make is made to order for you.
- **Array of color options.** A wide range of interior and exterior colors allow you to design a window to match your home.
- **Energy efficient.** Standard high performance triple-pane low-e glass with argon gas helps maximize your heating and cooling returns.

- **Sold as complete packages.** All entry doors are professionally stained and finished. They come with custom clad or composite jambs, lifetime locks and deadbolts, and matching new interior casing.
- **Professionally installed.** All of our entry door systems are professionally installed and guaranteed.
- **Save on heating and cooling bills.** Many Waudena entry doors are ENERGY STAR® qualified and are guaranteed to save on energy costs.

Waudena energy-efficient entry doors come in fiberglass or steel and offer a wide range of styles and colors to complement any home.

absolute perfection

Glass & glass options

Energy-efficient glass

According to the federal government's Department of Housing and Urban Development studies, up to 70 percent of energy loss occurs in windows and doors with **90 percent of window heat loss occurring through the glass.**

The glass you choose for your windows is the most important decision you can make. At Stanek Windows, high-performance triple-pane low-e glass with argon gas comes standard to maximize your comfort and lower your heating and cooling costs. Our windows are ENERGY STAR® rated in all climate zones in the United States.

Our **triple-pane, low-e, high-performance glass** is among the most energy-efficient triple-pane glass on the market and has earned the highest energy-efficiency rating from ENERGY STAR.

- Two panes of double-silver low-e coating.
- Insulated with argon gas.
- Warm-edge spacer technology helps prevent seal failure and prohibits the transfer of heat.
- Blocks UV rays 99 percent more effectively than ordinary glass.

Glass options

Beauty is in the details. Create the perfect window for your home by adding details like privacy glass and grids.

- **Privacy glass** allows light to filter in, while keeping the view exceptionally obscured. Ideal for bathrooms or other rooms where natural light is desired but the view is not. Our privacy glass features an obscurity rating of 9 or greater. Choose from our obscure or rain patterns.
- **Custom grids.** Give your home a custom look with beautiful internal colonial or diamond grids. Each grid is crafted to complement the architectural style of the home and window. Grids are positioned in between the glass panes for easy cleaning. Choose from a variety of configurations and from contour or flat grids.

Interior/exterior color options

All Stanek Window styles are available in a variety of colors to perfectly match your home. Choose from five standard interior colors including three woodgrain options and eight standard exterior colors.

- **Long-lasting color.** Our color is fade resistant and has a strong adherence to the surface of the vinyl so it resists scratches and scrapes.
- **Easy cleaning.** Stanek Windows can be cleaned with mild soap and water.

Interior/Exterior

White Tan

Exterior only

Tudor Brown Bronze Pebble Adobe Black Sand Dune

Interior woodgrain options shown in next column.

Hardware finishes

Stanek Windows offers a variety of choices in hardware finishes to complement your interior décor. Choose from six hardware finish options.

White Tan Earthtone* Bronze** Satin Nickel Antique Brass Bright Brass***

*Earthtone available on double-hung and sliding windows only. **Bronze is standard on woodgrain projects. ***Bright brass for patio doors only. Colors on this page are represented as accurately as printing technology allows. Final color selection should be made using actual color samples.

Woodgrain interior options

Our woodgrain interior options offer the look of real wood without the maintenance. Real wood is beautiful but, like most natural materials, is susceptible to the elements and needs regular upkeep. Stanek's woodgrain interiors are maintenance free.

- **Energy efficient.** Enjoy the energy efficiency of our high-performance vinyl with woodgrain patterns so real, no one will ever know the difference.
- **Maintenance free.** Unlike real wood, our woodgrain interiors never need sanding, staining or refinishing.
- **Matching screens.** Even our screens offer woodgrain interiors so you get a complete natural look. Available on casement and awning windows.

Interior only

Rich Maple Foxwood Dark Oak

Custom interior wood trim

Stanek offers custom interior wood trim packages to finish off any room. Choose from oak, pine or poplar. Interior casings and returns are standard with any Stanek full reframe installation.

Who we are

Located near Cleveland, Ohio, Great Day Improvements, LLC® is a direct-to-consumer manufacturer, retailer and installer of custom-made home improvement products.

Engineering and design

As the exclusive manufacturer of Stanek® brand windows and doors, we employ our own engineers and designers to create among the best quality and most energy-efficient windows and doors available for you and your home. Our window experts continue to explore next generation technology to keep Stanek Windows best in class.

Our window manufacturing center of excellence in Cincinnati, Ohio.

Custom manufacturing

No two homes or homeowners are alike, which is why we custom design and custom manufacture each and every window to meet your unique needs

and complement your home's personal style. The possibilities are truly endless. Because we make your windows in our own state-of-the-art manufacturing facility, we can ensure exceptional quality from start to finish. Non-standard and large openings are no problem.

Stanek Windows uses only trained and certified professional installers.

Installation and service

Our commitment to excellence continues through installation of your Stanek windows. Our highly experienced and certified installation teams know our windows inside and out and will ensure your Stanek windows are properly installed for maximum long-term performance, guaranteed. Our window experts are available should you ever need service on your windows in the future.

Easy payment options

We know buying replacement windows is a sizable investment for your home. That is why we offer a variety of financing options including deferred interest programs as well as reduced and no interest loans, so your project will fit comfortably within your budget. We also accept all major credit cards.

Happy Customers

Your complete satisfaction is extremely important to us! That is why we go to great lengths to make your window buying experience a great one from start to finish. Our goal is to exceed your expectations at every step of the process. We want you to love your Stanek windows but we also want to create a lasting relationship with you, our valued customer. We know you have many choices when it comes to replacement windows, and hope you'll consider Stanek® windows for you and your home.

"The installers were amazing. They were efficient, polite, professional and did excellent work."

★★★★★ Sandra H.

"I have worked with Stanek Windows twice now to have custom windows put in my home. I will 100% use them again for any future projects."

★★★★★ William B.

"Stanek Windows are great! They're high-quality, look fabulous and save us money on energy bills."

★★★★★ Melody V.
